## Cemwood

Where timber may not meet the requirements, or specification on a project this may be the alternative you are looking for:

- Fire resistant
- Rot and insect resistant
- Unaffected by heat or sunlight
- Does not contain PVC
- Consistently easy to install – no knots, warps, twists or uneven thickness
- Massive choice of finishes,

Pre-coloured boards are available in our standard colour range  
Painted Aluminium Trims to match the coloured boards.
